Salt Water Itch Affects Novice **Ocean Bathers**

Our house was the fourth from pickup. the end of the street. Fond du About half an hour later we Doctor Says Soap and Fresh Water after Swim **Best Preventives**

By LOGAN CLENDENING, M. D.

In the region of Southern ocean waters, Florida and Southern Californta, bathers societimes get a dermatitis which the natives call "salt water itch." It appears most often in the armpits, coming on at the same time on both sides. It is very unlikely that it is due to salt water alone. More probable is the explanation that is due to some minute animal or tropical plant. The old timers and regular bathers are not so subject to it as the visitors who acquire it in about two to four weeks; this would make it look as if the regular bathers acquired an immunity.

Th armpits are natural places for fungus infections to grow; the hair provides a good resting place

is no whoop. Answer-The whoop of whooping cough is due to a spasm of the larynx after a prolonged spell of coughing, so that the child sucks in the breath, making the characteristic noise. If this spasm is not present, there will be no whoop but there may be whooping cough just the same. A child who has been coughing for seven weeks and vomits probably has whooping cough.

YOU HAVE a job of balancing to do when the opponent at your right has just overcalled your partner's opening suit bid with a suit you had expected to bid. Instead of resenting such interference, you should welcome it as opportunity knocking at your door. First you should weigh the possible profit if you double the opponent. Next estimate the likely gain which can accrue if you take some other action, such as a pass or a bid of your own suit or No. Trump. To do this accurately, you must consider the vulnerability.

Sour Lemons, Sweet Beauty

By HELEN FOLLETT

EVERY HOUSEWIFE - why doesn't somebody think up a pretti-er name for them?—who is beauty bent should keep lemons at hand. It is surprising how many uses they can be put to.

Now that the preserving season is here, hands are likely to be stained with fruit juices. A cut emon will turn the trick. Rub the pulp into the flesh, plunge the finger nails into it and swish them around. Finger nails come white

A lemon rinse makes the hair alive and glisteny. Add the strained juice of two lemons to a pint of water, pour it over the head after the shampoo. Rinse it away with the bath spray. Excellent for the girl who bawls and laments about oily hair that slaps itself down close to the scalp and sticks

SYNOPSIS

LINDA AVERY, receptionist at a New York models' agency, starts to re-build her romance with RONALD STAFFORD, her childhood

sweetheart, who has "swung his way to fame on a trumpet," but

SARAH MARKLEY, wealthy glamor girl, is trying to capture Ronald for herself. Meanwhile

ROBERT BARTON, young engineer living in the apartment above, meets Linda in an unconventional manner.

Beer Tax Pays Tenth Aussies' War Budget

CANBERRA (P)-Australian demand for beer is helping the southern Commonwealth fight the war. Despite a 13 per cent raise in the excise tax on beer at the start of war, revenue from this source shows a 30 per cent increase in the last six months. It totals about \$4,000,-000 annually-or about one-tenth of Australia's war budget.
